ZERO’s Community

ZERO’s community is an influential force in the fight against prostate cancer with a nationwide reach that continues to grow. With the merger of Us TOO completed in 2021, ZERO is the primary destination for all impacted by the disease to convene, get support, and come together as one united voice to create a better future for the prostate cancer community. ZERO’s Regional Chapters play a critical role locally to support and rally patients, survivors, caregivers, and partners. Currently, ZERO’s Chapters represent the Southern California, Northern California, Midwest, East Coast Metro, Southeast, South Atlantic, and Texas/Oklahoma regions.
