WHERE THE MONEY GOES

84 CENTS OF EVERY DOLLAR GOES TO PROGRAMS & ACTIVITIES

For more than 20 years, ZERO has helped save lives, support research and new treatments, educate and test men, and unite communities to make prostate cancer a national priority. Together we've made a significant impact on the fight against the disease. We're on the front lines investing in patient support programs, research for better diagnostics, and creating awareness. No other prostate cancer charity spends more per dollar on programs – more than 84 cents. ZERO puts every donation to good use.
