

GROW

&

CANCER

GIVE

TO END PROSTATE CANCER

What Is Grow & Give?

It's November and everywhere you look, men are sporting their best facial hair. Make a statement on behalf of your fellow man and join the facial hair-growing phenomenon to raise funds and awareness to end prostate cancer with ZERO's Grow & Give campaign!

Growing your beard or mustache will not only make you manly, but also make a difference in the lives of men and families fighting prostate cancer in your community. Beard up and do good by supporting the American men who will get prostate cancer during their lifetimes.

Ladies, you can join in the fun too by starting a team, fundraising, and getting the men in your life to make their health a priority.

Help us raise funds this November to end prostate cancer!

How Do I Join?

We're not about rules, we're about saving lives. Follow these simple steps to join the fun!

1. Before November 1, create your account and encourage your friends and family to support your journey to gain facial hair cred. Go it alone or create a team and get your buddies and colleagues involved.
2. Ask people to give and sponsor whatever you have decided to grow. Staches, goatees, soul patches, beards, chops, burns - you name it, we want you to grow it.
3. Take some photos of your new fuzz and post them with [#growandgive](#). Not only will you be warmer and manlier, you'll end the month on a high note knowing you have helped your fellow man.

Why Should I Join?

ZERO's passion is making prostate cancer a national priority 365 days out of the year. Your fundraising dollars go directly to fighting prostate cancer and helping save lives. ZERO provides programs and activities to end it, slay it, destroy it, and terminate it. Join us now and help declare one number above others: ZERO.
