KICKOFF POST

The XXXX Police Department shaved for the LAST time this morning - and it's all for @ZeroCancer! We're about to get real scruffy for the next 30 days as we raise awareness and money to #ENDPROSTATECANCER. One in eight men will get prostate cancer. Let us know in the comments if you know someone who has been affected by this disease.

Here's the link to our Grow & Give fundraising page: (link). We're not planning to shave until we meet our goal of \$XXXX, so yeah...things are about to get real hairy. #GrowandGive

UPDATE POST

Yup, XXXX Police Department is officially scruffy! For those of you who don't know, we're growing out our facial hair and donning fake staches for @ZeroCancer's Grow & Give campaign. We're on a mission to #ENDPROSTATECANCER and helping us reach our fundraising goal is a great place to start. There's only (3/2/1) week(s) left to donate!

Almost a quarter of a million men will be diagnosed with prostate cancer this year and we're not shaving until we've done our part to help. Check out our fundraising page to donate: (link).

SHOOT A VIDEO!

We all know Twitter is a great place to tweet mustache/beard photos and your fundraising link. But consider shooting a quick video with your phone and uploading that to Twitter. Keep your video at about two minutes and make it fun!

- Give an update on your police department's facial hair growth.
- Tell followers the CONS of having a beard. (They're itchy. Food gets caught in them. My beard is gray!) And the PRO: helping to END PROSTATE CANCER.
- Always use the hashtags #GrowandGive & #EndProstateCancer and tag @ZEROcancer.
- If you're doing a challenge, tag your challengers so they see the post.
- Ask your followers to RETWEET your video to spread the word.
- Tag potential donors.
